**GET HELP WITH QUESTIONS, SUCH AS:**

**Health Data – Health Library Informatics**
- Where can I find open data sources related to my topic?
- How can I improve the data management plan for my project?

**Regulatory Overview/IRB Requirements**
- How do I submit a protocol deviation to the IRB?
- How do I obtain ancillary approvals, e.g., IT evaluation, Radiation Use Committee, etc.?

**Protocol Feasibility & Resource Assessments**
- How do I find out about UC Davis research costs?
- Who will be performing protocol-related procedures and where will these be done?

**REDCap: Building & Management of Your Database**
- How can I collect and store data for investigator-initiated clinical trials securely?
- How can I administer simple surveys or manage data in longitudinal studies?

Do you have questions about Clinical Research Resources? Refer to the schedule for the topic of the week and ask your questions via our Zoom web meeting.
